M1912 USMC First Aid Dressing Pouch  

I originally thought that you made some mistakes on this one, but I compared it to pictures in Harlan Glenn's book: "782 Gear". It really looks very close to some of the early M1912 pouches. It never ceases

The belt and buckle was of high quality and correct color. The negative issue I had with it, was the brass end cap on the belt. It looks like someone beat it with a hammer. Very dented!

The shipping box was smaller than the cap and caused deformation of product, so poor on that respect, but price.

I love the quality of the Barracks Cover and the materials used. The downside was that the shipping box was smaller than the size of the cap, and that put a deformation bend in the leather brim of the cap.

In my opinion, this is an outstanding reproduction. Nobody but WPG and Mr. Lee would make this. If I saw it on a mannequin at the museum in Quantico, I’d think it was real.

Decent Quality

The canvas was of a pretty decent weight. The pack seems durable enough, although I think the adjustment buckles are perhaps a little loose.
