I am a 36" waist and the pants didn't fit (too small) so I sent them back and got the 38 pants which fit great. WPG was great to deal

These are great products but they do not come with anything to fix them to boots. Adding appropriate tacks and screws would make them a package. My ones didn't quite fit (oversize) so I had to shape them myself to fit. I picked the same size for my boots so perhaps a better guide on sizing for these is required?

Also had to add a couple of little washer under the switch screws so the switch would fit tight and not wobble. Hence the 4 star rating.

It’s easy to get spoiled by WPG. I recently lost quite a bit of weight and had to order a new, smaller set of P37 wool BD trousers. They arrived super fast with no problems and matched perfectly my current jacket purchased last year from WPG. These folks are so dependable and have quality items at a very good price.

I am recently retired after 35 years in the Canadian Army and have a pretty good eye for how genuine military clothing and equipment should look, feel and perform, and I have purchased a number of items from WPG over several years. I have yet to be disappointed. I received my P40 battledress and compared it to various other versions and was very impressed.

The WWII-era sheath is obviously ‘mass-produced’ (cheap metal staples + stitching instead of rivets + stitching). However, the leather is authentic, non-dyed/waxed leather. Use good quality tan dye + polish, and you’ll have the real McCoy. The knives themselves are easier to procure.

Full disclosure, I'm not a reenactor. I do airsoft, and bought this set because the pouches can hold a lot of ammunition, as well as a full cleaning kit. So I'm not reviewing this load bearing equipment from a historical accuracy standpoint, but from an end-user position. I've always been partial to the solid feel of Awesome LBE Set!!!

This is a really good representation of the scarce pattern 15 large pack. The only fault I could find and its a minor fault, is the hokey rivets on the main front 2 straps. if they were like the rest of the rivets it would be perfect!

I ordered a 40 and it fits me in the chest and arms nicely- its a bit baggy around the waist but if you are portly you will be fine- for me it will need adjustment as others have said by splitting the liner and taking in the waist. I am of athletic proportions, not big bellied! Other than that, very nice piece of gear! Special

First class kit, as usual. Well done Jerry! I bought 2 pouches, to contain clips of 8 mm Mauser ammo. They needed a little stretching to fit, but now, after application of neatsfoot oil and Kiwi dark tan boot polish, they are the beautiful mahogany colour of all my leather kit and the clips fit close but comfortably.

**US M1912 Pistol Belt, 2nd Pattern**

$32.00

This is a new reproduction of the Mills pistol belt modified with the addition of an eagle snap to secure the pistol magazine pocket. This one is made in OD green like most originals. This belt is available in either standard dismounted version or mounted version with saber chape for M1904.

Everything but the Snap

Name: Dart8967 - Location: US - Date: 05-Nov-16

Have to echo previous reviews -- this belt is nearly flawless -- right down to patent and mfg dates stamped on metal ends -- just wish the snap were functional with original gear (won't even fit with a repro 1917 half moon pouch) -- however, love the eagle detail on front of snap too.

Living in south Texas, I desperately needed an alternative to the wool version of this uniform, and this is it! Both the top and bottom are sized perfectly for me (6'5", 245 lb). Well made, arrived quickly, and I have received numerous compliments from my fellow Wild Bunch shooters. WPG is my go-to place for military apparel.

Purchased this holster and its very beautifully made with quality leather. There are only 2 or 3 set backs, one of which I think could easily be improved. The leather for the leg strap is fairly dainty so it feels as it could break fairly easily but it hasn't yet so I could just be wrong. Secondly there is no sheet metal on face

Fits very well to size with the exception that the sleeves are very long - I imagine anyone would need to have the sleeves shortened by at least 1" - otherwise a nicely made and distinctive item, especially for the price.
